MORE INFORMATION ON MANDY LORAIN ART

Mandy Sanders is a full-time Mum, part time orthodontic assistant and a self-taught artist from Houston, Texas. Mandy's creativity began when she was keen to make a mark on the world through creativity and education about some of the misunderstood creatures who share our world.

Mandy created a special rhino piece for Helping Rhinos #BeMoreRhino education programme that helps educate children about rhino and rhino conservation, as well as some fabulous colouring sheets. Once Mandy has officially published her rhino piece on her website, she is kindly donating 40% of my print sales to Helping Rhinos. So a huge thank you Mandy for your support.

For more information on the incredible work that Mandy is doing, go to:
