Make your own family tree
Now that you have learnt all about Thandi and her family, it is your chance to make your own family tree.

Use the tree template on the next page or draw your own.

There are lots of ways to make your own family tree, it could be a tree just like our Thandi family tree or it could be a spider diagram with you in the middle or it could be a timeline.

You may need help to prepare your family tree by talking to other family members to tell you all about your ancestors but we hope that you will enjoy finding out more about your family.
