

Print and cut out this template and get writing!!!

**HELPING
RHINOS**
helpingrhinos.org

WRITE A POSTCARD ABOUT RHINOS!

One of the best things each and everyone of us can do is raise awareness and talk about rhinos and their situation as much as possible!

Especially in times like these it is great to reach out to a friend or a family member and check in on them. Use this opportunity to say hello and tell them a bit about rhinos and what Helping Rhinos does!

You can use the template below to write a postcard to a friend or family member and tell them all you have learned about rhinos this week. Just print this out and cut around the outline of the postcard, stick them together and off it goes!

Things you could write about:

-  The different rhino species you learned about!
-  Some of the projects like the Black Mambas and the APU K9s you met last week!
-  Why rhinos are endangered!
-  How your friends and family members can help!

ENJOY!
