

**#BeMoreRhino**

**Poem Writing**

**Now it is your chance to write  
your own fun poem!**

Now it is your chance to show us your creative flair in poem writing!

Your poem could be either about Africa, rhinos, other animals or a topic of your choice!

We would love to hear your poem – so once you have written it, with the help of your parents, please record it and send it to us at [rhino@helpingrhinos.org](mailto:rhino@helpingrhinos.org).

### Tips on poem writing:

 Read other people's poems for inspiration.

 Use the internet.

 Use repetition – rhyming is form of repetition.

 Look at the world around you – perhaps it could be a poem on something you have seen or heard.

 Compare things to other things by using either metaphors or similes:

 Metaphor: 'The snake moved like a ripple on a pond.'

 Similes: 'Sally is as graceful as a gazelle.'

 Use alliteration – so each word starts with the same sound e.g. 'Ronald the rhino ran round in rings'!

 Try to make your audience laugh!

 Think about how your poem sounds – depending on your subject it could be short and sharp or long and flowing.
